BARB PAPIK, ALAMEDA READS, CALIFORNIA

Anna Sweet, ex-cop turned waitress, is bar-hopping her way across the US. But her life on the road is about to end. Anna receives a middle-of-the-night phone call. Cheri, Anna's sister, is in the hospital because someone tampered with her car brakes. Cheri's life is in danger and she begs Anna to come home.

Paul Taylor, a wealthy business man, is in jail for the cold-blooded murder of his lover, Laura Flint. She is found dead in his bed one hot August morning. Taylor's wife, a former swimsuit model, is the only one to stand behind him, but even she has doubts. Anna puts her own life in danger to catch the murderer.

Anna Sweet's PI business partner, Jada Price, has gone missing. Anna and new hire Nick Roma team up to find her. The trail leads them to a teenage girl's murder and a secret internet dating service. Anna is about to discover how far people will go to keep a secret ... and who they will betray.

Against her better judgment, Anna Sweet accepts a date with Nick Roma—office manager for Storm Investigations. Just before their date, the body of Nick's ex-girlfriend is found near a lake. Rumours swirl that Nick was hounding his ex to get back together ... and he wouldn't take no for an answer.

JESSICA DESILETS, OTTAWA LIBRARY

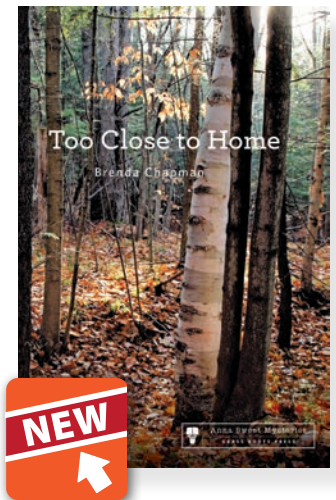

Ryan Green disappears one day after school without a trace. His family is caught in a living nightmare. Six months later, the police have no leads. Desperate for answers, the parents contact Anna Sweet. The trail has gone cold, but Anna doesn't give up. When a body is found in the woods, Anna and the police fear the worst.

Shelley Vincent has been missing for over a year. Her fiancé, Albert Romaine, is desperate to find out what happened to her. As Anna digs deeper into Shelley's past, she uncovers more questions than answers. Why would a woman with everything to live for simply disappear? Was Shelley murdered? And if so, why didn't the police find her body?

Ottawa is in the middle of a summer heat wave—and PI Anna Sweet takes on her hottest case yet. Brent Rose secretly dated three women at the same time. One of them wants to make him pay for his cheating ways. Will Anna stop Brent's tormentor in time? Or will he meet his end in the killer heat?

Sometimes home is not a safe place to be. PI Anna Sweet is hired to look out for Max, a troubled teenage runaway. For Max, the woods provide safety and shelter. Until he is discovered. Max's parents declare him mentally unfit and try to lock him up. But Anna holds the secret to his freedom.
